

TEACHING SOUTH KOREA

Faculty Development Workshop

FREE

Sponsored by

University System of Georgia
Asia Council

Hosted by

Infusing South Korea into the undergraduate curriculum

From the ashes of the war, South Korea has risen from one of the world's poorest countries to become one of the leading and most dynamic economies. Now everyone knows Samsung and Hyundai, and developing countries in Asia and beyond look to Korea as a model of economic prosperity and political stability. The education system is among the best, and its soft power is exported via *Hallyu*, or Korean wave of entertainment and pop culture. Learn more about this nation on the rise on the global stage.
