USG Asia Council

Summer Study Abroad

Zhengzhou, China

General Studies Program
May 10–June 7, 2019

Program Description

The program will be conducted in four weeks beginning in early-May at Zhengzhou University, Zhengzhou, China. The dates of the program are May 10 through June 7, 2019. The academic theme of this year's program is "Fostering Global Citizenry through Cultural Exploration."

This is a collaborative program co-sponsored by the Asia Council of the University System of Georgia (USG). The program's main host institution is Zhengzhou University (ZZU), a comprehensive educational institution with over 70,000 students and brand new campus facilities, in central China. Campus representatives of the Asia Council will serve as coordinators who will administer recruitment of faculty and students at their own institutions.

The main goal of this study is to help students acquire a general grasp of the social, economic, and political systems of a different society and further a comparative worldview that can enhance competence in their careers. Instruction will include class lectures, written projects, field trips, and week-end excursions. Eleven courses in the fields of communication, criminal justice, education, English, political science and sociology will be offered. An orientation session will be given to students on the first day of the class at the host university. Instructional formats specified above will meet the minimum number of class contact hours stipulated by the Board of Regents.

The program will begin with an educational tour of Beijing. On-site lectures and tours of famous cultural and historical sites will be given. While in Zhengzhou, a number of out-of-town short field trips to Luoyang, Dengfeng and Kaifeng will be offered. Students will be able to explore some of the impressive Chinese historical and cultural sites. Course-specific local field trips will be also arranged while in Zhengzhou. Each student is required to sign up for two courses. Short non-credit cultural enrichment courses will be offered based on students' interests.
